Standard 3: Advisory Committee and Community Involvement

24. Description of Involvement

As part of Centennial High School's commitment to maintaining strong partnerships with community stakeholders, Caroline Koenigshof served as a community participant in the selection process for the **CTAE Student of the Year 2026**. She assisted with interviewing student candidates, providing valuable industry and community perspectives during the evaluation process. Her participation supported the school's efforts to engage external stakeholders in CTAE program activities and student recognition initiatives.

Impact on the CTAE Program

Community involvement in student interviews:

- Strengthens relationships between the CTAE program and local stakeholders.
- Provides students with opportunities to interact with professionals and community representatives.
- Enhances the credibility and relevance of student recognition programs.
- Demonstrates active community support for CTAE initiatives and student achievement.

Evidence

A school communication regarding advisory participation identifies Caroline Koenigshof and provides her contact information for CTAE advisory and student interview activities.

Centennial High School

Student of the Year Interview Questions 2024-2025

Interviewee's Name:_____

• Each member of the panel should make notes (on a separate sheet) and score each candidate. Scores should then be added up and used when deciding.

• The panel should also decide which questions will be asked by each member of the panel. Scoring numbers can be placed to the right of each category. Scoring – candidates answers should be scored as follows:

0	No answer given or answer completely irrelevant. No examples given.	2	Some points covered, not all relevant. Some examples given.	4	Good answer. Relevant information. All or most points covered. Good examples.
1	A few good points but main issues missing. No examples/irrelevant examples given	3	Some points covered. Relevant information given. Some examples given.	5	Perfect answer. All points addressed. All points relevant. Good examples.

1. **Academic Excellence:**
    - Can you tell us about your academic achievements and any special honors or awards you've received?
2. **Leadership Skills:**
    - Have you held any leadership positions in school or in extracurricular activities? Can you describe your responsibilities and accomplishments in those roles?
3. **Extracurricular Activities:**
    - What extracurricular activities have you been involved in, and how have they contributed to your personal and academic growth?
4. **Community Involvement:**
    - Have you been involved in any community service or volunteering? If so, can you share a memorable experience and what you gained from it?
5. **Teamwork and Collaboration:**
    - Can you provide an example of a project or activity where you worked effectively as part of a team? What was your role, and how did you contribute to the team's success?

6. **Problem-Solving Skills:**
    - Describe a situation where you encountered a significant challenge or obstacle. How did you approach it, and what did you learn from the experience?
7. **Initiative and Innovation:**
    - Have you taken the initiative to start a project, club, or activity? Can you tell us about it and what motivated you to take the lead?

8. **Goal Setting and Achievement:**
    - Can you share an example of a personal or academic goal you set for yourself and how you worked towards achieving it?
9. **Communication Skills:**
    - How do you effectively communicate your ideas and thoughts, both in written and verbal form?
10. **Adaptability and Resilience:**
    - Describe a time when you faced a setback or encountered a difficult situation. How did you manage it, and what did you learn from the experience?
11. **Passion and Commitment:**
    - What are you most passionate about, and how have you demonstrated your commitment to it?
12. **Future Goals and Aspirations:**
    - What are your plans for the future after leaving Centennial, and how do you see your experiences as a student shaping your path?
13. **Role Models and Inspirations:**
    - Who are some individuals (either within or outside of your school) that you look up to and why?
14. **Unique Qualities and Contributions:**
    - What do you believe sets you apart from other students? How have you made a distinctive contribution to your school community?
15. **Reflection and Growth:**
    - Can you share a specific moment or experience from your academic journey that has had a profound impact on your personal development?

Remember to create an open and welcoming atmosphere during the interview, allowing the students to express themselves comfortably.

Now give the candidate an opportunity to ask any questions that they might have and answer them.

Ending the interview:

• Thank the candidate for attending the interview. Let them know what happens next i.e., when you will be making your decision and how you will be letting them know the results (candidates who have attended the interview should be made aware of your decision either way).

Total Score:

Student Pictures

Mr. Graham

FBLA continues to grow and is currently at one of its highest membership levels, with 56 student members, exceeding last year's numbers. FBLA is a student-led organization, and our chapter president has done an outstanding job organizing and leading activities this year. So far, students have successfully organized to attend **Fall Leadership Conference** and the **Regional Leadership Conference**, providing valuable leadership, competitive and career development opportunities.

In the classroom, I am currently preparing for our **Level 3 Finance pathway students** to take the **W!SE Financial Literacy Certification Exam**. The W!SE exam is a nationally recognized assessment that measures students' understanding of personal finance concepts such as budgeting, saving, investing, credit, insurance, and financial decision-making. Passing the exam demonstrates financial literacy skills that are valuable for both college and career readiness.

Additionally, I am teaching **Financial Technology (FinTech)** to both our Level 1 and Level 2 FinTech pathway students. Students are learning how technology is transforming the financial services industry, including topics such as digital banking, mobile payments, financial data analytics, cybersecurity, blockchain, and emerging financial technologies.

These courses help prepare students for careers in the rapidly growing finance and technology sectors.

- Mark Wood
- Gwen Knight-Warner
- Daisy Phillips

The meeting was called to order by Aleah Phillips at 6PM. Committee members, school administrators, instructors, business and industry partners, NTHS inductees, their parents, and community stakeholders introduced themselves and shared their professional roles and affiliations. We inducted eight NTHS members from various pathways offered at Centennial. Centennial's CTE Advisory Meeting was facilitated by Caroline Koenighshof who is a business and partner at Centennial.

Centennial's CTE Coordinator reviewed the school's CTAE goals and objectives using the Centennial's CTE Fact Sheet. Highlights included program offerings, enrollment trends in each pathway, pathway completion, certification opportunities, work-based learning participation, and alignment with district and state priorities. Committee members affirmed the continued relevance of Centennial's CTE pathways in preparing students for postsecondary education, careers, and industry credentials.

The committee discussed opportunities to expand and strengthen partnerships between Centennial High school and local business and organizations. Suggested collaborations included community forums, guest speakers, field trips, job shadowing, internships, mock interviews, and classroom presentations. Topics included labor market demands, evolving industry expectations, technology integration, and the importance of employability and soft skills. Advisory members shared their insights from their respective industries.

Eight students were inducted into the National Technical Honor Society from their respective pathways. Students shared their success stories highlighting leadership development, classroom participation, field trip experiences, and competitive events. Students also shared their postsecondary plans.

Committee members provided feedback on program strengths and offered recommendations for continued improvements. Committee members participated in a business and computer science survey. Feedback emphasized industry alignment, student access to learning, funding for each program, and continued growth of CTE opportunities. Field trip donations were discussed along with the addition of Cybersecurity Program Pathway. The Committee emphasized the importance of teaching soft skills, initiative, proactivity, productivity, problem solving, critical thinking, and writing.

There being no further business, the meeting adjourned at 7:40PM
