FBLA Motivational Rally Participation Update (2026-2027)

During the 2025-2026 school year, Centennial High School successfully participated in the FBLA Motivational Rally with **15 student members in attendance**. The event provided valuable leadership development, networking opportunities, and exposure to FBLA programs and competitions.

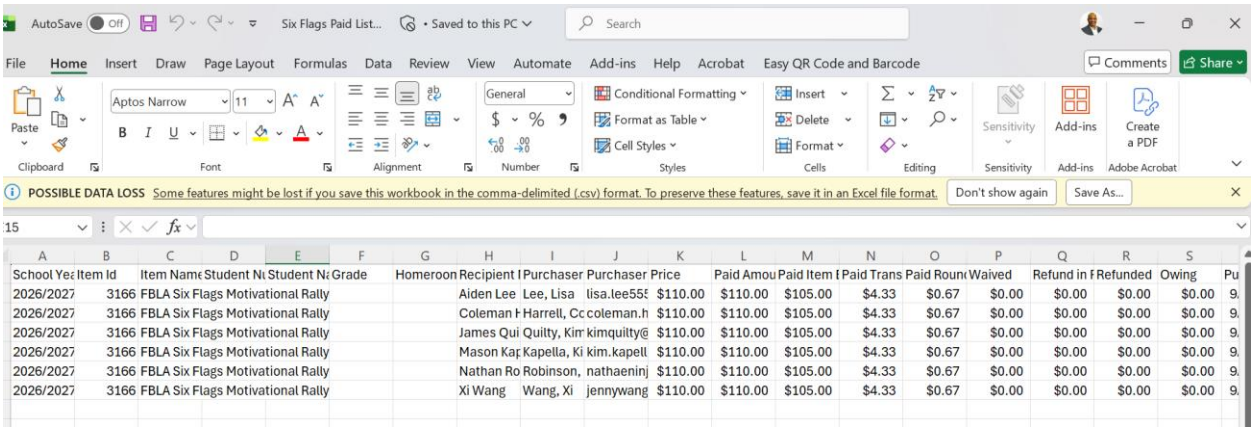

For the 2026-2027 school year, student interest in attending remained strong, with **six FBLA members registering to participate in the FBLA Motivational Rally**. However, due to funding and resource limitations beyond the chapter's control, Centennial High School was unable to attend the event this year. Despite not attending, the chapter continued to promote FBLA involvement through local chapter activities, member recruitment, leadership development opportunities, competitive event preparation, and community service projects.

The chapter remains committed to participating in future FBLA leadership conferences and experiences as funding and transportation resources become available.

Evidence:

- 2025-2026 Motivational Rally registration records and photographs
- 2026-2027 student sign-up list showing interest in attendance
- Local chapter meeting agendas and activity records
- FBLA recruitment and leadership development activities

Meeting Agenda

Date: 9/25/2026
