| <b>Major Project (briefly describe):</b> FBLA at Centennial High is launching a “Forge your way” leadership and community impact initiative throughout the 2026-2027 school year as members will work together to identify a need within Centennial High School or the local community, develop a solution, carry it out through fundraising (already established), service, and student-led activities. Moreover, the project will provide the members with an opportunity to get a hands-on experience with leadership, project management, teamwork, communication, and business skills while also creating a measurable impact upon their local community. Members will document their progress and result throughout the year and ensure to celebrate the project’s impact at the end of the year.                                                       |                                                                                                                                                                                                                                     |                             |  |

| The 2026-2027 Program of Work will focus upon the growth of membership, the development of leadership, competitive events, community service, and also fundraising and substantive engagement with the chapter. The chapter will participate in regional and state FBLA activities such as the Fall Leadership Conference, and State Leadership Conference.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                     |                             |  |
